# Suicide in the Construction Industry

- Construction continues to have one of the highest suicide rates across all industries.
- About four times higher than the general population.
- Approximately 1,000 jobsites deaths each year in construction.
- Approximately 5,000 deaths by suicide.
- Mental Health Awareness could be one of the biggest opportunities to make a difference in our industry today.

# What Are Our Organizations Doing?

**Alexander M. Kopp**

Director of Environmental Health  
and Safety

*The Association of Union  
Constructors (TAUC)*

# Call to Action

**Wesley L. Wheeler, SMS, CESCO**

Executive Director of Safety, *National Electrical Contractors Association (NECA)*

Board Member, *Construction Industry Alliance for Suicide Prevention (CIASP)*

[wesley.wheeler@necanet.org](mailto:wesley.wheeler@necanet.org)

# Creating a Culture of Care

- Leadership support
- Injury management/return to work programs
- Flexibility with scheduling
- Setting reasonable expectations
- Peer-support groups & team-building activities
- Financial education
- Substance use education
- Reduce jobsite access to lethal means
- Train management in soft skills and communication
- Train and develop employees to reach their full potential
- Build in protective factors for veterans

# Intangibles and Intuition

- Share your story
- Engagement
- Make a phone call
- Invite someone to lunch
- Schedule afterwork and weekend activities
- Include EVERYONE!
- Create a post on LinkedIn/Social Media letting people know they can reach out to you if they need someone to talk to.
- Who is that person you have not spoken with in weeks? In Months? In Years?
